

Position Description

Department:	Animal Operations
Title:	Animal Transport
Goal:	Provide transportation of animals to facilitate transfer to adoption partners or an actual adopter.
Duties:	Duties include minimal animal handling and lifting of properly restrained or confined dogs and cats. The primary duty is shuttling animals under the care and control of the Animal Center to a location where they will be released to an adoption partner or actual adopter.
Qualifications:	Must possess a valid North Carolina driver license and a vehicle in good repair suitable for transporting animals. Completion of Defensive Driving course desirable. Must be willing to cover the cost of transportation and take responsibility for the welfare of animals during transport as well as conveying applicable records and documentation. Must complete the Animal Center Volunteer orientation and any training deemed necessary by the Program Coordinator or Director.
Time Required:	Typical assignment may be completed within one day's time, with longer assignments optional. Assistance required on an occasional case-by-case basis with as much advance notice as possible.
Supervisor:	Program Coordinator
<i>Physical Demands:</i>	Attention to safe and lawful driving practices required. May require moving or assisting non-ambulatory animals; possible exposure to zoonotic organisms which may be transmissible to humans and other pets; slightly increased chance of injury to the unpredictable nature of animals, particularly those in discomfort or in various states of arousal.
